

Wheelchair Stair Platform Lift

Easy Living Home Elevators offers a Wheelchair Stair Platform Lift which fully complies with AS1735 part 7, and is ideal where your home or commercial area requires access by wheelchair users or those who are less mobile along a stairway allowing easy access up and down stairs on their own.

The Easy Living Wheelchair Stair Platform Lift can be tailored to a range of specific needs and can be installed with ease providing access, value and safety to your home or building.

Suitable for indoor and outdoor use, the wheelchair stair platform lift is fully automatic and very easy to operate.

The lift can be folded and parked when not in use, providing clear access to the stair way for all users. It can be fixed directly to a structural wall or supported by stanchion posts.

Various platform sizes are available with a carrying capacity of up to 230kg which is suitable for powered wheelchairs. It can be installed on straight or curved staircases with a constant or variable gradients. The motor is built into the platform, eliminating the need for a machine room, thus optimising building space.

Some of the impressive features include:

- > Constant pressure type protected
- > On board controls
- > Call/send floor controls with extractable key
- > Emergency stop button
- > Manual emergency operation
- > Safety gear with progressive brake
- > Speed limiter
- > Automatic safety arms
- > Automatic side ramps
- > Fixed grab handle
- > Electric safety limit switches
- > Shock-absorbing, anti-crashing and trapping devices.
