

EASY LIVING

FOR THOSE WHO DEMAND THE BEST

BE INSPIRED | DOMUS EVOLUTION LIFT

Enter through the copper clad front door and to the panelled lobby area and you are exposed to the latest technological innovation within homes – An Easy Living Home Elevator! Easy Living and luxury living are synonymous, and the partnership between Easy Living Home Elevators and Sunland Group is captured wonderfully in this Cammeray project.

AWARD WINNING

Designed by Sunland Design, in association with SJB Architects, 95 Cammeray Road was judged Best Apartment Under 10 Storeys and Apartment Project of the Year, at the New South Wales HIA Awards.

The project comprises two residences with a design signature that reflects the location, and an outlook that captures the imagination. Envisaged as a single pavilion in the park, the dwellings offer spectacular outlooks to the north, east and west.

DOMUS EVOLUTION LIFT

The award winning Domus Evolution Lift is a true Australian icon, designed, engineered and manufactured in Milan, Italy to suit the requirements of the Australian market.

Perfect for both residential and commercial applications. Featuring automatic stainless steel sliding doors, optional self supporting glass and steel towers, low pit and headroom dimensions. The Domus Evolution has all bases covered.

FLOOR COLOUR PALETTE

GRANITE

Polar Ice 607

“10+ years on, the Domus Evolution is a true Australian icon. Designed, engineered and built in Europe to suit the requirements of the Australian market”

“

Space efficiency and design flexibility – a home lift from Easy Living Home Elevators has got all the features for those who demand the best!

LUXURIOUS EDGE

With an exterior comprised of copper, stone and timber, the dwellings will age gracefully. However, the quality of design is most obvious on the inside.

Enter through the copper-clad front door and you are greeted with a panelled lobby featuring a premium elevator from the world class Domus range, creating a sense of luxury.

Premium mirrored stainless steel sliding doors give the elevator a luxurious edge, whilst also providing open fluidity and reflective light, creating a sense of larger space. The interior finishes of the lift are finished off with mirrored stainless steel, black profiles and a granite white floor to tie in with Sunland’s concept look, of elegance and refinement, yet liveable.
